Samuel & Sons, the premier passementerie tradition in the interior design community announces the launch of the Toscana collection. Toscana engages twenty-first century innovation by using the finest Italian leather to create embellished borders, appliqués, tassels, cords and fringe. This atelier collection offers a luxurious selection of meticulously crafted leather cords, borders and tassels to enrich any interior.

*Shown above Toscana Leather Tassel Tieback in Sorrel, Leather Appliqué on Twill Wool Border in Camel*

Sourced from tanneries near Florence, we have transformed fine grain, tactile, luxurious leathers into a wide range of impeccably crafted passementerie. The collection exhibits classic influences of equestrian detailing in the braided cords and borders, while at the same time employing novel embellishments in the micro-stud borders and understated sophistication of the nubuck piping.

Toscana's studded borders combine soft leather with patina silver and brass hardware in a range of finishes and colors to suit all palates from the traditional to the minimalism of contemporary aesthetic. Inspired by menswear couture from the mid-1900s, our Design Studio developed the twill wool border which is adorned with an intricate pattern of leather cord appliqué.

Toscana offers a tailored single tassel tieback, delineated with natural stitching and braided leather embrace. The tieback is complemented with a supple 5.25" cut fringe, equally suitable for drapery and upholstery applications. Both the tieback and cut fringe feature the same distinctive grain and soft textured leather as the braided cord.

The Toscana collection's core black and chocolate tones are complemented by earthen midtones and lighter neutrals. To complete this repertoire, we offer a 4" key tassel in an array of 15 colors from natural tones to vivid hues.
